Applied Science Private University and Anera Sign a Cooperation Agreement…

15/07/2026

As part of its ongoing efforts to expand its network of strategic partnerships and enhance its developmental role, Applied Science Private University has signed a cooperation agreement with Anera.

This agreement stems from the university's firm belief that education and innovation must create a real and sustainable impact that goes beyond the classroom. This partnership will provide exceptional opportunities for our students through hands-on and practical learning, while promoting and disseminating sustainable, practical knowledge and contributing to the local community.
